Consideration of Phases 8B and 8C of W Side Multi-Use Path

Part 1

The first project, Phase 8B, W. Side Multi-Use Path encompasses the following work: approximately 3,792 l.f of 6'-10' wide concrete multi-use pathway with associative concrete curb and gutter, drainage infrastructure improvements and incidental work along the S. Croatan Hwy (US Hwy 158) western right-of-way margin extending from Baymeadow Dr.. to the north end of the Outer Banks Visitors Bureau "Event Site" and from the south end of the "Event Site" to Gull St.. Bids were received on Feb. 11, 2020 with (3) competitive bids received from the following contractors: RPC Contracting Inc., Hatchell Concrete, Inc. and Barnhill Contracting Company. RPC Contracting Inc., was determined to be the lowest responsible, responsive bidder, with a submitted bid proposal of **\$533,900**. Please note that an alternate bid item #1 was provided on the bid form for a substitution of slope stabilization material specified in the base bid. Considering the cost differential and stabilization benefits of the two stabilization product types, staff recommends proceeding with the specified base bid geocell containment system, thus waiving the need for acceptance of pricing for alternate #1. Staff requests the Board to consider the following:

Part 2

The second project, Phase 8C, W. Side Multi-Use Path encompasses the following work: - Base Bid: approximately 4,500 l.f of 10' wide concrete multi-use pathway with associative concrete curb and gutter, drainage infrastructure improvements and incidental work along the S. Croatan Hwy (US Hwy 158) western right-of-way margin extending from W. Danube St. to W. Seachase Dr. The bid package was structured with a base bid and an alternate bid to permit the Town flexibility to award a portion of the scope of work if the bids exceeded the available funds. Bids were received on Feb. 11, 2020 with (3) competitive formal bids being received from the following contractors: RPC Contracting Inc., Hatchell Concrete, Inc. and Barnhill Contracting Company. For Phase 8C, RPC Contracting Inc., was determined to be the lowest responsible, responsive bidder, with a submitted bid proposal of **\$613,260**. Since the lowest responsive, responsible bid received for the base bid + additive alternate amount was within the available funds, staff recommends acceptance of the total scope of work. Staff requests the Board to consider the following:
