Board of Commissioners Policy

Policy on Reconstruction of Public and Private Roads and Easements Following a Severe Storm Event

(Adoption Date: October 10, 1988)

(Updated: June 4, 2003)

Public Roads

Prior to the consideration of an expenditure of public funds for the repair or construction of Town streets that are destroyed or damaged as a result of a severe storm event, the Town shall conduct adequate studies and explore alternative solutions, including but not limited to, abandonment procedures, special assessments, and condemnations.

Private Roads

It shall be the policy of the Town not to expend public funds for the repair or reconstruction of any private road or vehicular easement that is damaged or destroyed as a result of a severe storm event, except in conjunction with the repair and maintenance of the Town's water system and in this case only to repair damage caused by the repair and maintenance of the Town's water system.
