

Due to Hurricane Matthew, this meeting was postponed to November, 7, 2016.

**Town of Nags Head
Shoreline Management Committee**

*October 11, 2016, 3 pm
Board of Commissioners Meeting Room*

Meeting Agenda

1. Review of minutes & previous meeting
2. Staff updates
3. Review of design scenarios (presentation by Dr. Tim Kana) representing low/mid/high range fill volumes as follows:
 - 1.8M cy (less than the 2011 design)
 - 2.4M cy (equal to the 2011 design)
 - 3.0M cy (the 2011 design plus advance fill)
4. Discussion of design scenarios related to the following project goals:
 - Establishing a high level of storm damage reduction with S. Nags Head (reaches 3S & 4) as a focal point
 - Wider recreational beach
 - Integration of a dune management plan
 - Replenishing the sand in the sand box
5. Selection of recommended design scenario
6. Discussion of public education
7. Closing
