Item No: **E-7**
Meeting Date: **February 3, 2021**

Item Title: Update of Vegetative Planting Guidelines Document

Item Summary:

Planning staff has provided a brief update on the Vegetative Planting Guideline Document, originally created in late 2015 and early 2016. This document has proven to be very useful; at this time staff is seeking to remove Pampas Grass as an acceptable planting as we have learned that it is considered an invasive species. This does not preclude someone from planting Pampas Grass; however, it would not satisfy certain buffering or landscaping requirements of the Unified Development Ordinance.
