

**TOWN OF NAGS HEAD FY 18/19
PROJECT CONSTRUCTION UPDATE
April 24, 2019**

**PROJECT AREA #1
(UPSTREAM END OF RED DRUM OCEAN OUTFALL)**

WORK DESCRIPTION

Replacement of (2) 30" dia. cross street drainage pipes with 32" x 54" reinforced concrete box culvert with 18" dia. cross pipe, drop inlet structures, appurtenances and incidental work.

WORK PROGRESS

The contractor has completed installation of the junction box vault, drop inlet structures, cross-street pipes, reinforced concrete box structure and asphalt pavement patch. The full road closure has been lifted and two-way traffic has been fully restored along S. Virginia Dare Trail.

Shoulder grading, structure finishing work, pavement transitions, permanent stabilization and other incidental work is currently in progress and should be completed by April 30, 2019

We ask our residents and visitors to exercise caution around the construction work zone until all remaining construction work has been completed.

PROJECT SCHEDULE--

BEGIN: In Progress

COMPLETE: Late April 2019

EXPECTED WORK CONDITIONS*

Single lane road closure, temporary pedestrian closure and detour, large equipment operation and truck traffic, testing, patching, ground restoration, permanent striping and other incidental work.
